Take part of the celebration of Fairfax HOG's 20th Anniversary as we re-trace the route that started it all – the Chapter's very first group ride that drew 142 bikes and 44 additional passengers back in April of 1999.

The Founding Officers have been called back into service to staff the registration tables, so please say hello and introduce yourself.

Join original Charter Members and new Fairfax HOG Members as we set out to begin the next 20 years of riding and having fun in the most remarkable Chapter the Harley Owners Group will ever know. Somewhere along the route, all riders and passengers will receive a special memorial token for participating.

This is a closed ride, for Chapter members and their guests. If you're thinking of joining the Chapter and want to ride with us, come on out! Any questions, please contact the Boss Hog; Ray Riddle at director@fairfaxhog.com
